

## Didactic Scenario

### 1. Title

Special memories

### 2. Keywords

Joy, colleagues, friends, homework, interesting activities, trips, homework, grades

### 3. Basic Information

**STEAM Subject:** English, Technology, Art

**Typical interaction time with the instructional scenario in teaching hours for in-school work:**  
Technology (1 hour), English (1 hour), Art (1 hour)

**General description of the scenario:**

<u>Phases</u>	<u>Stage</u>	<u>Time</u>
Warm-up activity, introduction to the topic	preparation stage	5'
Explanation of work ahead and what is expected of them	preparation stage	10'
Presentation of the instructional-educational content	implementation stage	30'

**Age group:** 9-10 years

**Estimated difficulty level:**

Very Easy	Easy	Moderate	Challenging	Very Challenging
			X	

**Teaching resources**

**Material:** N/A

**School infrastructure:** Devices, smart board, photo archive

**Additional material from external sources/online tools:** <https://collage-maker.com/>

**Differentiated Instruction for students of differing abilities and learning styles in the same class:** N/A

**Developed by:** Ezaru Otilia

#### 4. Educational Problem

The end of primary classes is a wonderful opportunity to remember the most beautiful moments spent with colleagues and the teacher.

#### 5. Learning Objective (-s)

1. Students will view an archive of photos from their school years;
2. Students will remember the beautiful moments spent with their colleagues and teachers;
3. Students will create a digital collage of photos;
4. Students will develop their digital skills.

#### 6. Phases of the Scenario

##### Phase 1

**Title:** Warm-up activity, introduction to the topic

Indoor	Outdoor	Mixed
X		

**Phase duration in minutes:** 5'

**Detailed description of the scenario phase:**  
The students will follow the archive of photos taken during the five years of primary school.

**Activity sheets:** N/A

**Phase 2**

**Title:** Explanation of work ahead and what is expected of them

Indoor	Outdoor	Mixed
X		

**Phase duration in minutes:** 10'

**Detailed description of the scenario phase:**  
The moments captured in the photos will be discussed with the students.  
They will have the opportunity to remember many situations, moments and activities they have carried out over the years.  
I will tell the students that the moments spent together are priceless and that they are memories that they will enjoy for a lifetime.  
I propose to the students to create a photo collage using the digital application collage-maker.com.  
The activity will take place in the computer lab.

**Activity sheets:** N/A

**Phase 3**

**Title:** Presentation of the instructional-educational content

Indoor	Outdoor	Mixed
X		

**Phase duration in minutes:** 30'

#### Detailed description of the scenario phase:

Students will open the application collage-maker.com and discover it together with the teacher. They will pay attention to the teacher's explanations on the smart board and discover how the platform works.

Students will have the opportunity to use the photo archive and use their imagination to create their own photo collage.

#### Activity sheets:
