

WORK SHEET

Watch the link below.

<https://www.youtube.com/watch?v=loBxxkaeOII&t=114s>

Build in groups

1st group : Construct an isosceles triangle with a ruler.

<https://www.youtube.com/watch?v=w6WR0jXDtEU&list=PLPNEL1CseM801WpQES33t6DDAQ5uZmQiG&index=12>

Then build step triangles in different ways with materials from the corner of the classroom.

2nd group : Construct an equilateral triangle with a ruler.

<https://www.youtube.com/watch?v=nL7FXC9mefI&list=PLPNEL1CseM801WpQES33t6DDAQ5uZmQiG&index=13>

Then construct in different ways equilateral triangles with materials from the corner of the classroom.

3rd group : Construct a scalene triangle with a ruler.

<https://www.youtube.com/watch?app=desktop&v=UF4j-DL-96w>

Then build step triangles in different ways with materials from the corner of the classroom.

Then answer the questions on the link:
